

DATA SHEET

ELC SmartDriver TW x6 KNX

Order description

ELC SmartDriver TW x6 KNX

Item number

EC10431029

GTIN

4015120431029

IP 20 230 V ~  

Product description

- Light control for up to 6 ELC lights (ELC = ESYLUX Light Control) with Tunable White
- Integrated constant lighting control for high energy efficiency
- 2 push button inputs for conventional push buttons (230 V)
- Compatible with selected DALI push buttons and DALI I/O devices
- SymbiLogic technology for biologically effective light
- Manual override and scenes in 2 separate light channels
- Lights are connected via RJ45
- Can be networked with other ELC light controls using DALI
- Integrated KNX module for direct integration into a KNX bus system (no gateway required)

Technical data

GENERAL	
Special product features	ESYLUX Light Control
Conformity	CE, RoHS, WEEE
warranty	5-year
MOUNTING	
Installation type	Recessed mounting
Mounting location	Ceiling
HOUSING	
Dimensions	Length 474 mm x Width 264 mm x Height/Depth 132 mm
Weight	3850 g
Material	Steel, galvanised
Protection type	IP 20
Permissible ambient temperature	0 °C...+40 °C
Relative humidity	5 - 93 %, non-condensing
Colour	white

Terminal	2,5 mm ² / 1,5 mm ²
ELECTRICAL VERSION	
Protection class	I
Nominal voltage	230 - 230 V / 50 - 60 Hz
Stand-by consumption	7.5 W

CONTROL	
Number of light channels	2
Number of light groups	10
Number of inputs	2
Number of switching contacts	2
Number of scenes	4
Orientation light	disabled/10 - 50 %, 2 values can be selected
Constant lighting control	true
Daytime depending orientation light	true
HCL-lighting control	true
Number of outputs luminaires ELC	6
Number of outputs luminaires DALI	4
